THE BALTOTYPE LINE

THE BALTOTYPE LINE consists of more than 115 different series of fine printers' type, together with a complete selection of quads, spaces, leads, slugs and metal furniture, also a wide assortment of piece borders, ornaments, strip rule and strip border.

In addition, we manufacture more than 150 of those useful little Handy Box Fonts that have endeared themselves to busy printers everywhere.

New type faces, new Handy Box Fonts and an ever increasing number of other items are being constantly added to the end that Baltotype may become more and more your "Dependable Source of Supply for All Composing Room Requirements".

OUR PRODUCT

The fact that leading printers and typographers in the United States have been using Baltotype in increasing volume for many years tells more than anything that could be said here regarding the quality of our product and the helpfulness of our service.

You may rest assured that Baltotype will meet the requirements of the finest job in your plant and gratify the demands of your most exacting customers.

OUR SERVICE

The development of a superior printers' type alone was not enough. A dependable, quick sorts supply was needed. Long ago we originated and perfected our now famous Sorts Service. This filled a long-felt want of the printer. It enables him to purchase just the necessary sorts to fill his depleted cases at economical per-pound rates. No longer is it necessary to buy a complete font when only a few characters are needed. A few check marks on our convenient Sorts Order Blank and—presto!—the needed characters are back in his shop.

Coincident with the growth of our Sorts Service we created the idea of packaging accents, fractions, ornaments, swash characters, and numerous other items in little utility fonts. Handy-Box Fonts we call them—and that's just what they are. You'll find more than 150 of them in your catalogue No. 8.

BE SURE IT'S BALTOTYPE

GENERAL INFORMATION

WE present herewith Revised Price list No. 8-A which supplements Catalogue No. 8 and supercedes prices and font schemes shown therein. This list should be attached to, and used with, Catalogue No. 8 since it does not show numerous catalogue items, including piece border, accented characters and Handy Box fonts.

This list, while showing revised prices, has been issued more to make prices uniform than to increase them. Advancing costs have, however, necessitated additional charges on sorts and weight fonts and a small differential between these two items.

It is IMPORTANT that this list be used for all prices and font schemes and that you refer to your catalogue for complete showings.

PRICES—Selling prices of all items are shown with each specimen. While every effort is made to keep them uniform, due to fluctuations of the metal market all prices are subject to change without notice. Quantity prices beyond those listed will be gladly supplied upon request. All prices are F. O. B. point of shipment.

ORDERS—Orders for type should specify Series Number, point size, and whether cap, lower-case or complete fonts are wanted. Handy-Boxes should be ordered by number, and sorts orders made out on our Special Order Form which will be sent on request.

SHIPMENTS—Shipments are made the day orders are received from large manufactured stocks, securely packed and promptly dispatched. It is important that complete shipping instructions accompany all orders. If you do not specify Freight, Truck, Express, Parcel Post, etc., we will ship by our usual way.

C. O. D.—Collect on Delivery shipments cannot be made to firms unknown to us unless sufficient cash accompanies the order to cover transportation charges both ways.

CREDIT—Open account accommodations are cheerfully extended to firms of recognized credit standing, satisfactory Dun and Bradstreet rating, and to those who can present commercial and banking references.

TERMS—Selling prices in this catalogue are net and not subject to discount. The usual discount of 2% if bills are paid on or before the 15th of month following purchase is allowed. This 2% may be deducted on all orders accompanied by a cash remittance.

ALL PRICES IN THIS PRICE LIST ARE EFFECTIVE
MAY 1st, 1918. THEY SUPERCIDE AND CANCEL
ALL PREVIOUS PRICE LISTS AND ARE SUBJECT TO
CHANGE WITHOUT NOTICE.

Write For Current Metal Exchange Prices

WEIGHT FONTS

Orders for weight fonts will be filled by shipping three (3) CAP and four (4) lower case job fonts and will be billed at the weight font per pound prices shown in the catalogue and price list with each specimen.

The lighter weights below cover the "skinny" or condensed faces while the heavier weights cover the "fat" or extended faces.

SCHEMES AND APPROXIMATE WEIGHTS OF WEIGHT FONTS

Point Size	Font Scheme	Approximate Weights
6 Point.	120A — 320a	6 to 10 lbs.
8 Point.	90A — 240a	9 to 15 lbs.
10 Point.	78A — 212a	11 to 17 lbs.
12 Point.	72A — 188a	16 to 20 lbs.
14 Point.	66A — 168a	12 to 25 lbs.
18 Point.	36A — 104a	12 to 24 lbs.
24 Point.	24A — 68a	13 to 31 lbs.
30 Point.	18A — 40a	16 to 35 lbs.
36 Point.	15A — 28a	21 to 38 lbs.
48 Point.	12A — 24a	25 to 46 lbs.
60 Point.	9A — 24a	33 to 61 lbs.
72 Point.	9A — 20a	41 to 76 lbs.

SMALL CAP FONTS

These prices apply to all series.

BALTOTYPE

■ ■ *Sorts Service* ■ ■

PROBABLY the greatest single asset for the efficient management of any composing room is an adequate supply of type and spacing material. It means more and better work from your compositors with consequent economies, and entirely eliminates "picking" live jobs, "turning" characters and the danger of jobs going to press without the "turned" characters being replaced.

■ Realizing this, we have developed a sorts supply which has proven to our customers to be one of the most valuable and important features of our service.

■ Promptness and flexibility are the keynotes.

■ Sorts orders are filled and shipped the same day your order reaches us . . . from a large manufactured stock . . . and not made up to order as received. Our large stock of type and materials, plus an easy method of ordering, makes this service available to printers everywhere with the same speed and satisfaction that we have been offering local printers for years.

■ Non-distribution is a proven economy on small sizes (12 point and under) as the cost of new type is actually less than the cost of distributing used type. Non-distribution on larger sizes also is used successfully by a number of our customers whose shop conditions make this advisable. Non-distribution, however, is only possible and profitable when an adequate and prompt sorts service is available. The fact that our sorts service is being used with entire satisfaction by some of the most efficient plants, large and small, in the East, South, and Mid-West, leads us to believe that you, too, will find our service to your entire satisfaction. We urge you to try it!

■ The pages following show our "Schedule of Font Schemes" together with examples of the most efficient and economical method of ordering that has been developed by us in cooperation and with the advice of a large number of printers.

The number of ligatures (fi, ff, fl, etc.) and special characters contained in each font are approximately the same as the lower case q, x and z.

This chart shows the number of each character contained in our standard job fonts. It also shows the number of characters you will receive when ordering sorts in all sizes from 14 to 72 point by means of our "Sorts Order".

Orders for sorts in sizes 12 point and smaller are filled with a sufficient quantity of characters to comfortably fill your case. When punctuation marks are ordered, the quantity contained in Cap fonts are supplied.

Read the reverse side of "Sorts Order" for detailed information on the most economical and convenient way to order Sorts.

Here's How Easy it is to Order **SORTS**

BALTIMORE TYPE 18 and 17 S. FREDERICK ST.
BALTIMORE, MD.

SORTS ORDER

Please ship sorts as follows to:

Name Metropolitan Press

Address 143 W. Genh Street

City Detroit State Michigan

Series No. 102 Point Size 14

Use separate sheet for each Series No. and Point Size.

California Job Case	Double Cap Case	Triple Cap Case	Isling Job Case
------------------------	--------------------	--------------------	--------------------

Please check kind of case in which type is laid. In event of failure to specify, we will assume that a California Job Case is used.

See reverse side for method of ordering sorts.

THIS form is a reproduction of our "Sorts Order" on which we have illustrated the method for ordering sorts of 14 point Airport Gothic, Series No. 102, Font scheme 22A Cap, 42a Lower Case.

An order made out in this way would be filled in the following manner:

Cap A is single checked. A job font contains 22 A's. We ship 22.

Cap C is single checked. A job font contains 15 C's. We ship 15.

Cap J is double checked. A job font contains 7 J's. We ship 14.

Lower case h is double checked. A job font contains 28 h's. We ship 56.

Period is single checked. A job font of caps contains 22 periods. We ship 22.

Write FOR A SUPPLY OF "SORTS ORDER" BLANKS AND TRY IT OUT. THEY WILL BE SENT PROMPTLY.

STRIP RULE

and

DECORATIVE BORDER

ON the pages following are shown specimens of nearly 100 different faces of strip rule and decorative material, the use of which, effects many decided economies in the composing room.

By the use of strip material time is saved in make-up, Make-ready is lessened, impressions are even and clean. Pieced rule is becoming a thing of the past in todays efficient printing plants.

Baltotype Rule needs no introduction to the printers of America. It is made from a special hard metal formula tried and tested through years of experience. Uniformity and lasting qualities are built into every strip and have been proven through many long runs in press rooms everywhere.

Thrifty printers see to it that an assortment of strip rule—both utility and decorative—is always on hand.

More than 5 pages on time basis.

Prices for larger quantities
on application.

HOW ABOUT YOUR SPACING MATERIAL?

It occurs only too frequently when a compositor reaches for 3 em spaces he finds the case empty. Two units lost "beefing" about those blankety-blank apprentices—an additional two units more wasted walking around alleys looking for a full case.

Plenty of spacing material in the cases means better contented craftsmen and fewer headaches for the "Boss" from figuring why job time exceeded his estimates.

Quads and Spaces

A SHORTAGE of spacing material in the composing room causes much lost time and diverts the compositor's mind from the job he has in hand. Spacing material is inexpensive—a plentiful supply will go far toward plugging the leak and keeping your compositors in proper humor to deliver the best that is in them.

Quads and spaces are sold in job fonts, 2½ and 5-lb. packages. Buy them the most economical way to suit the needs of your own particular composing room.

Leaders are packed in 5 lb. assorted packages and can also be furnished in bulk in any desired quantity at 45c lb. on orders for not less than one pound of a character.

Leads and Slugs

LEADS and **S**LUGS of our manufacture are accurately made from new linotype metal, which enables the printer operating machine composition equipment and non-distribution to remelt them freely with dumped forms without danger of injuring his metal alloy, and also assures greater value when sold as old metal.

They are made in 2, 3, 4, 6, 10, 12 and 24 point, and 12 point tie-up slugs, and carried in stock in 24-inch strips, or cut and trimmed to size.

Less than 5 lb.....	50c lb.

METAL FURNITURE

METAL Furniture is very practical in that there is no shrinking, warping, or bulging of the spacing material in locked forms. It assures a tight, even lock-up, eliminating much piecing, dropped letters and "out-of-alignments". Stocked in 24-inch strips, also labor saving fonts and utility labor saving fonts.

24 Inch Strips

24 February 2004

Font, weighing 5 to 6 pounds, per pound 50c

[illegible]

Fonts contain assortment of 1, 1½, 2, 2½, 3 and 4 pica widths.
Sorts at 50¢ pound in lots of not less than 1 pound of a character.

NOTE:—Best results are obtained by using Ezy-Rule Units only for narrow columns and substituting our strip rule number 31 for longer measures.

No-Ride-Up Column Rule

The use of Baltotype NO-RIDE-UP RULE eliminates the objectionable work-up of column rules, where newspaper or other long column forms are printed direct from type.

No-Ride-Up Rule No. 10-B

Stocked in 24-inch Strips

This illustration shows the square side column rule which frequently rides up during press runs, causing the rule to print heavily and sometimes to cut through the paper.

Showing No-Ride-Up Column Rule No. 10-B in use. The tapered sides of the rules and Baltotype slugs grip firmly and prevent "ride-up"

50 lbs. to 100 lbs.....	per lb. 28c
25 lbs. to 50 lbs.....	per lb. 29c
5 lbs. to 25 lbs.....	per lb. 30c

The drawings are slightly exaggerated to illustrate the point.

Corner Quads

The use of Corner Quads for bracing mitered borders insures better joining of the rules by preventing slipping past each other. Assures better lock-up on any form where strip-rule is used.

Metal Base and Slugs for Cut Mounting

Metal Furniture for use as cut-mounting base, .853 high, is carried in stock in 24-inch strips in 3, 4, 5, and 6 pica widths and can be cast to order in any desired length, over 12 picas, in lots of 50 lbs. or more of a size. Prices are the same as metal furniture—see page 36.

6 point slugs of the same height, .853, are carried in stock in 24-inch lengths at the regular price of slugs shown on page 35.

CUT / TING

Composing Room Costs

Every dollar saved in your composing room means added profits in your pocket. By lowering costs to your customers you automatically increase the volume of printing. That is good for you as an individual and good for the entire Graphic Arts Industry.

It has been the privilege of this organization to help some of the Foremost Printers, Trade Compositors and Advertising Typographers in America lower their production costs.

- 1** FIRST we instituted modern quantity production methods in our foundry for the manufacture of more than 115 series of fine printers type. This enables us to maintain adequate stocks of material on hand at all times for immediate delivery.
- 2** SECOND we developed and perfected our now Nationally famous Sorts-Service—which enables you to buy just what you need at low per pound prices—to keep your cases full—your compositors adequately supplied with brand new type.
- 3** THIRD we originated the idea of packaging fractions, signs, rule tips, ornaments and a hundred other little things that printers need in convenient Handy Boxes, saving printers time and money.

The demonstrated quality of our product—our efficient Sorts-Service for case filling—our prompt delivery—our convenient Handy Box fonts—these reasons more than anything else have been responsible for the growth of Baltotype Service and the increased acceptance of our statement, that, with modern production and merchandising methods, fine type need not be expensive.

Cutting Composing Room Costs
